PANIC!**

HowTU Study

Introductory Event for Students at
Faculty IV

Where to Find These Slides?

- with our long short link
<https://docs.freitagrunde.org/E-Woche/2023/Sommer/>
- on our document repository
docs.freitagrunde.org
- on the faculty website
for the [introductory events](#)
- with this QR code

HowTU Office Hours

- Something remains unclear?
- Do you want to talk to someone directly?
- Office hours of the [Student Advisory Service](#)
- Visit us on Matrix or at our room in MAR 0.005

tl;dr

Too long, didn't read

Teaching Platforms

Planning, Partial Assignments and Exams

- recognition of prerequisites
- room directory
- (tutorial registration)

MTS

Modules and Exams

- exam registration
- module-descriptions and compulsory elective subjects catalogue

Learning Platform

- course material
- homework and sometimes quizzes

Orgasystems

QISPOS

Study Records

- Transcript of records
- Deregistration for (non-)compulsory modules

tuPORT

Administrative

- Certificate of Registration, re-registration
- Requests to the Office of Student Affairs, Examination Office

Exchange

E-Mails

- read regularly, at best daily

Website Relaunch

- some links are still broken
- a slight design change for the some of the sites
- some of English translations are lost

BEW-Account

- In case your matriculation takes time, you can already use ISIS and MOSES with your BEW-Account
 - Login: BEW_0...
 - Password: as usual

Anything else?

- You need to register for exams, but only sometimes for lectures
 - Enrollment in courses on ISIS has no consequences
 - Exception: registration for seminars / projects in order to reserve a spot
- Register for exams on time and deregister when necessary, deadlines are communicated by faculty
- Ask questions
 - Freitagsrunde
 - Student Advisory Service

WORKING AT TU BERLIN

ABOUT

You are here: Technische Universität Berlin » Studying » University Life » Study Spaces

Quiet Areas for Studying: Everything You Need to Know About TU Berlin's Study Spaces

Opening hours, features, and locations

There are a number of study spaces available at TU Berlin managed by different units. Some of the spaces are managed by student initiatives or the University's libraries while others are centrally managed by the administration.

The rooms are open to all TU students and offer spaces for individual or group study, WiFi, and power outlets. Individual rooms may have additional features.

Centrally managed study spaces: E 027, E-N 025, H 3026, MAR U.003 (is currently not available), FH 310, EW 016, BH-N

Current opening hours: Monday to Friday, 8-20:00

Decentrally managed study spaces: MFB 12 ("Aquarium" in the Mathematics Library), EB 317c ("Weltraum," managed by the Sputnik student initiative), EB 302B (next to the WiWi Café), EB 327 ("Voigt-Sass-Saal," managed by the "Heiliger Orden der Schiffbauer Latte" student association), EB 226A (managed by the EB 104 student initiative), EB 302B (study room next to the WiWi Café)

Current opening hours: upon request

The study space EW 016 in the Eugene-Paul-Wigner Building (EW)

<https://www.tu.berlin/en/studying/university-life/study-spaces/>

Where to meet others

- Meet your Student initiative
 - You can find us at MAR 0.005

Module transfer system (MTS)

The aim of providing the MTS is to offer a central module database on a transitional basis and to improve the data quality in the module descriptions. This should not only ensure a complete module illustration, but also an easier handling of the data sets. The data will serve as the foundation of the future SLM system. All modules will be easily available to students and staff via Moses and can be downloaded as PDFs. Module data is managed by the faculties. The SLM team from innoCampus, the various Offices of Academics and Teaching (Referate Studium & Lehre) and Section I B are primarily involved in the implementation.

The web interface of MTS is implemented in . Here, TU Berlin staff can add, update, and manage modules and their descriptions in the new database. Students have the possibility of viewing the modules approved thus far. Moses ist die Weboberfläche des MTS realisiert. Hier können MitarbeiterInnen der TU Berlin Module und deren Beschreibungen in der neuen Datenbank anlegen, aktualisieren und verwalten. Studierende haben die Möglichkeit sich die bislang freigegebenen Module anzusehen.

Course Registration

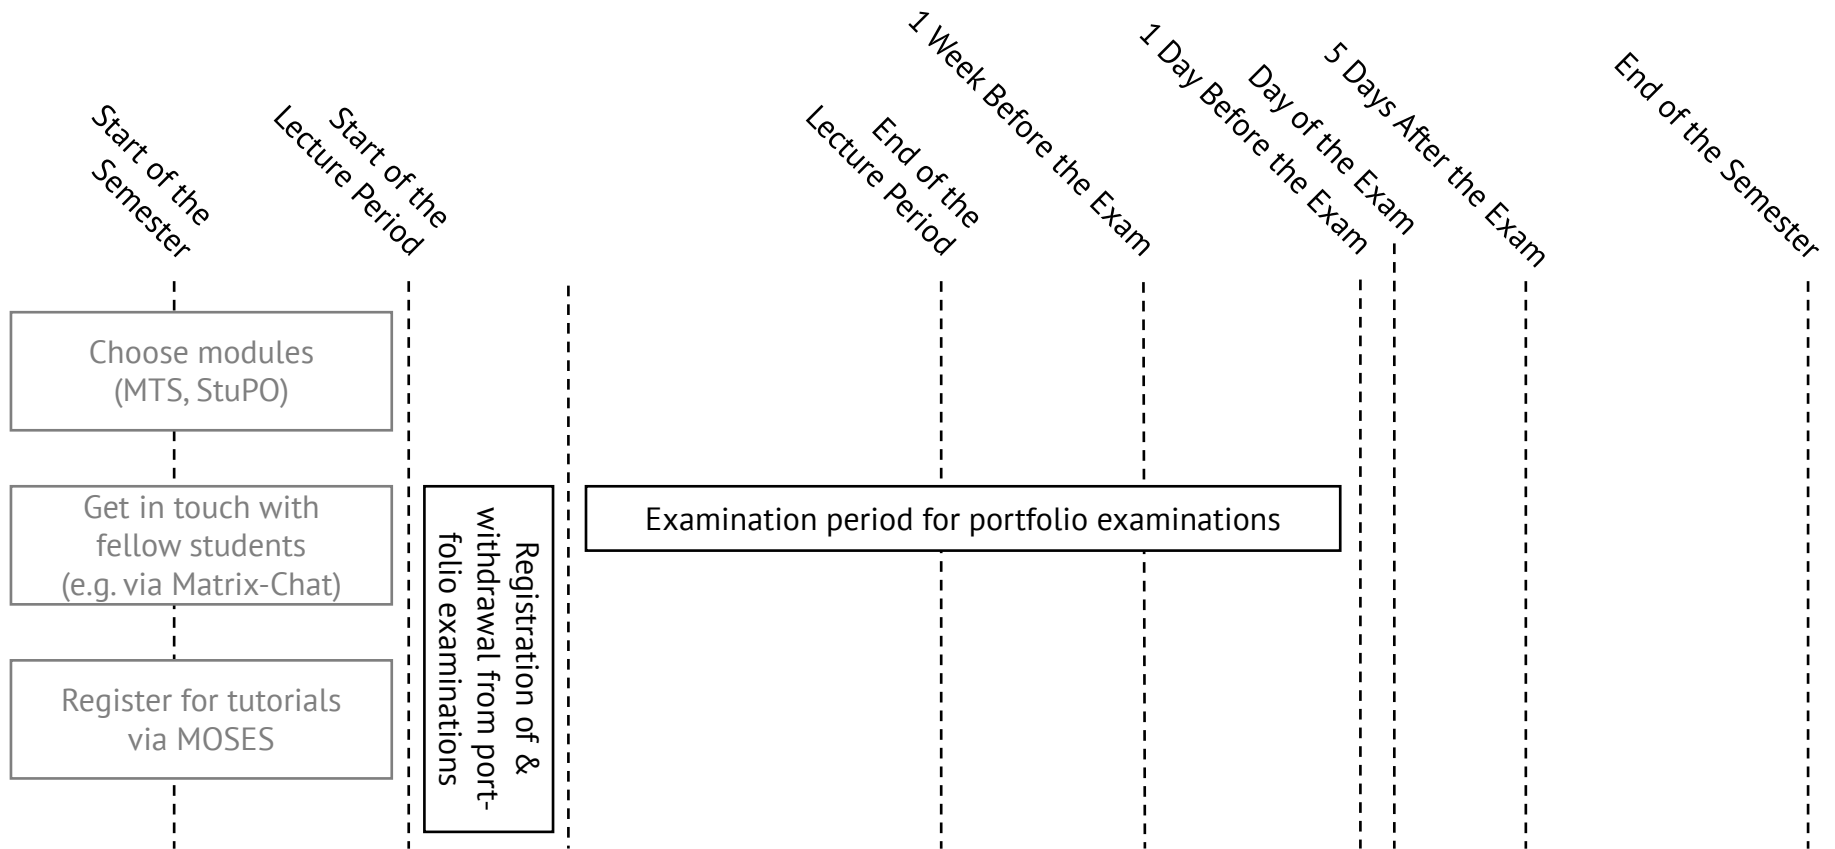

- Some courses require one
- Usually done via ISIS, sometimes extra tools
- Never done via MOSES Course Directory
- Tutorials have an extra registration on MOSES (see previous)

Lecture Period

The hybrid Semester

Group Tasks

- Three kinds of groups
 - Groups for tutorials on MOSES, to get into the same tutorial
 - Homework groups for prerequisites
 - Study groups for learning together (informal)
- Notify your fellow members early if you have difficulties completing your part in time
- Tell the teachers early if your group doesn't work well

Module Structure

📖 Literature

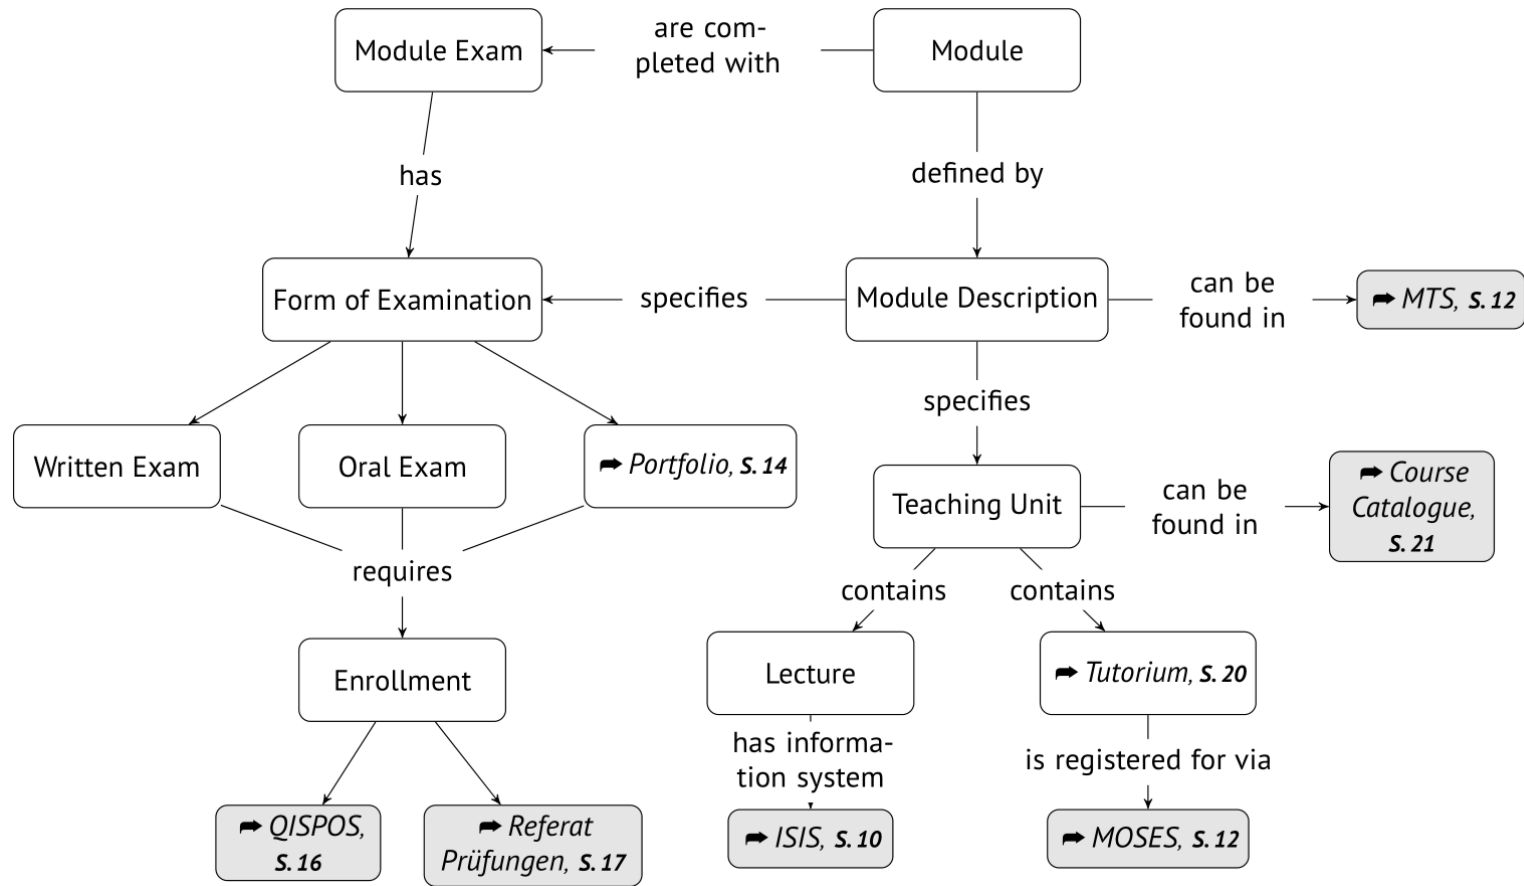

Portfolio Examinations

- Consist of multiple parts
 - e.g. Written tests, homework assignments, presentation ...
 - Usually sum up to 100 points
- Registration early(!) in the semester
- **Deregistration** is only possible until **three days before the first examination part**

Module Structure

Exam Registration

The screenshot shows the Moses portal interface. At the top, there is a navigation bar with tabs: Courses, Tutorials, Sub-activities, Exams, **MTS**, PDB, Directory, Kontaktverfolgung, and Help. Below this is a header banner for Technische Universität Berlin. The main content area is titled 'Prüfungsan-/abmeldung für Studierende'. It includes a sidebar with options: My modules, Search module, **Modulprüfungen** (highlighted), Create/Edit, and An-/Abmelden. The main text states: 'Auf dieser Seite sehen Sie eine Übersicht über alle Prüfungsanmeldungen, die sie bereits vorgenommen haben. Über den Button *Neue Prüfungsanmeldung erstellen* können Sie sich zu einer Modulprüfung anmelden.' Below this is a button labeled 'Neue Prüfungsanmeldung erstellen'. The bottom section is titled 'Meine Prüfungsanmeldungen' and shows a table header with columns: Modul, Semester, Prüfungsform, Prüfungsname, -elemente und -termine, Zulassung, Ergebnis, and De.

- MTS -> Modulprüfungen -> An-/Abmelden
- Not to be confused with the Exam Registration under the “Exams”-Tab within MOSES

Transcript Of Records

pdf-overview: Compendium of all Achievements 

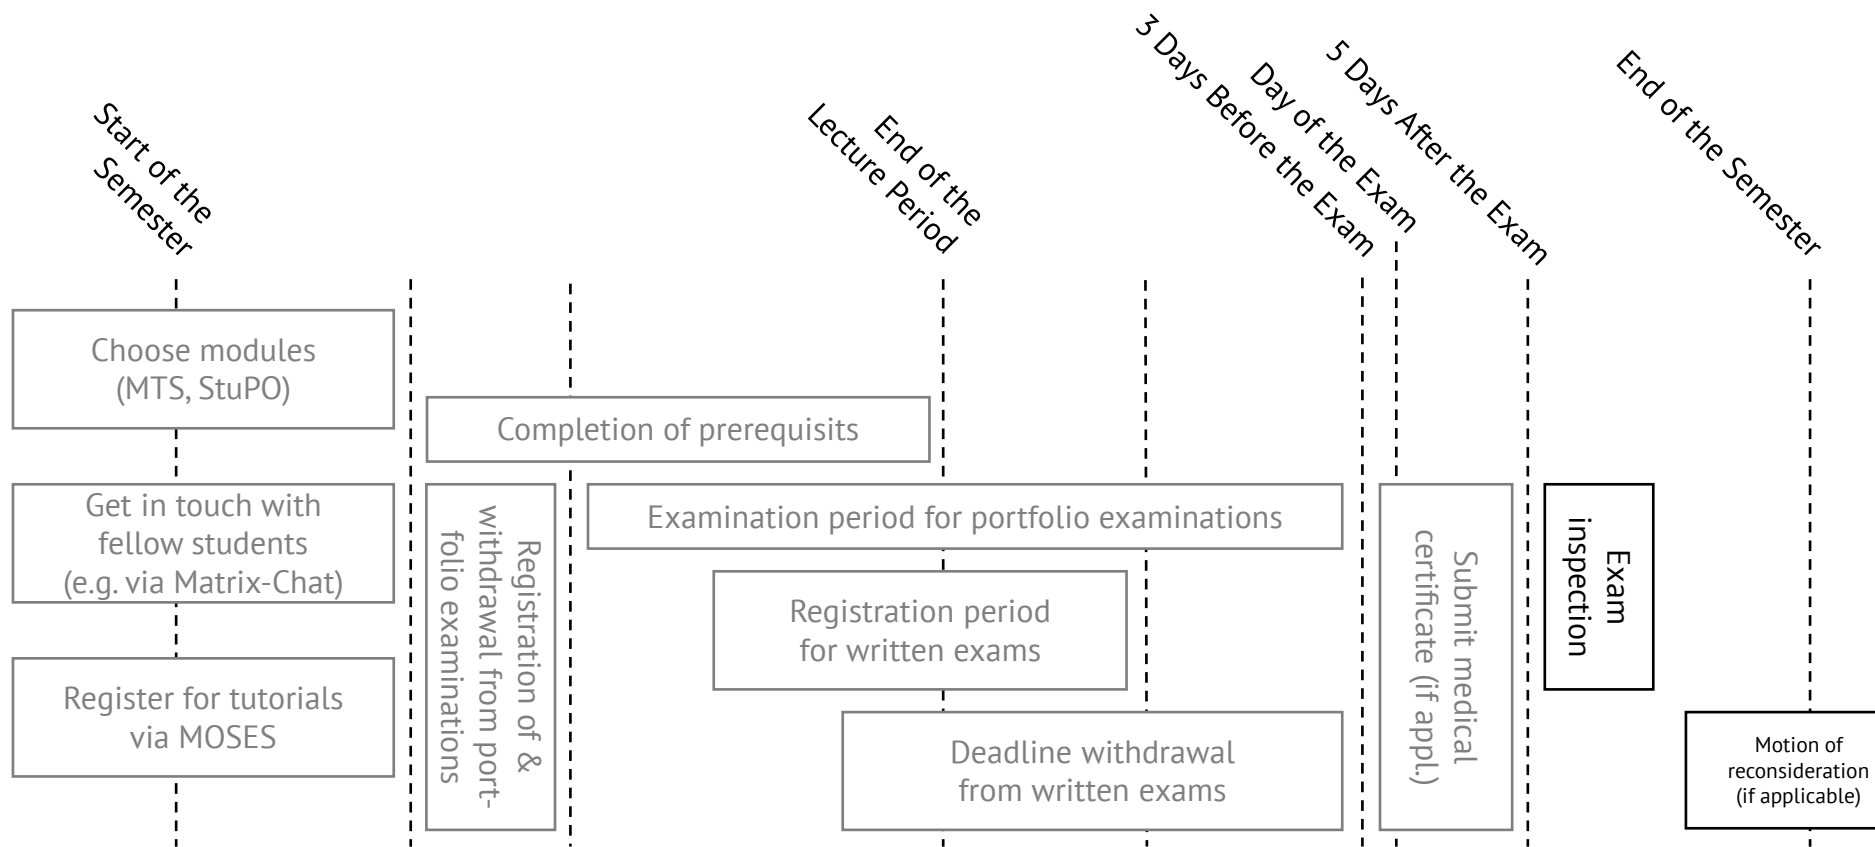

- acknowledged exam

Student Data

Student's name	Margaret Hamilton
Date and place of birth	17.08.1936 in Paoli
Field of study	[88] Master
Registration number	102354
Address	Technology Square 555, MA 02139 Cambridge

After the Exam

Inspection

- Look through the graded exam and check whether the correction was correct
- Understand and avoid repeat mistakes
- If there are any problems: check the reconsideration procedure
- **Tip: Always show up!**
 - If you cannot attend, then give permission to someone else to go for you.

Grades

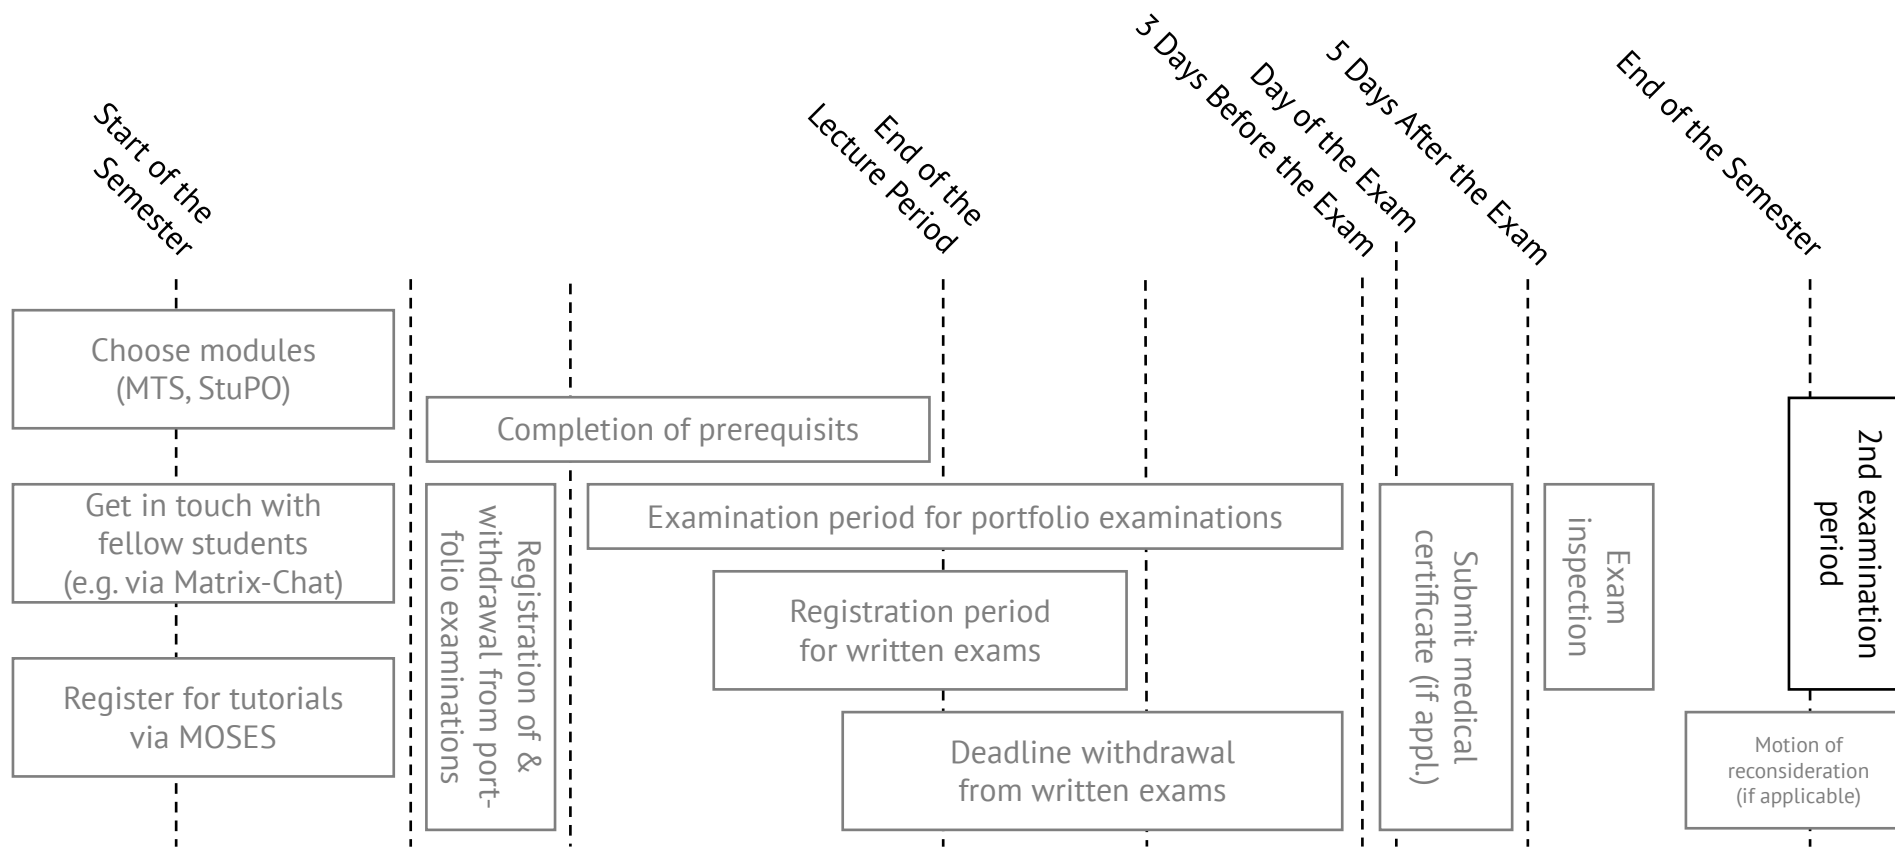

Grade	Assessment	Definition
1.0 / 1.3	very good	outstanding performance
1.7 / 2.0 / 2.3	good	performance above-average requirements
2.7 / 3.0 / 3.3	satisfactory	complies with average overall requirements
3.7 / 4.0	sufficient	performance which, despite some flaws, still complies with performance requirements
5.0	poor	performance with significant flaws which does not comply with requirements

- The conversion is done via grading keys, depending on exam type (e.g. [portfolio](#))

 See module description (Moses)

2nd Exam Term

Exam Terms

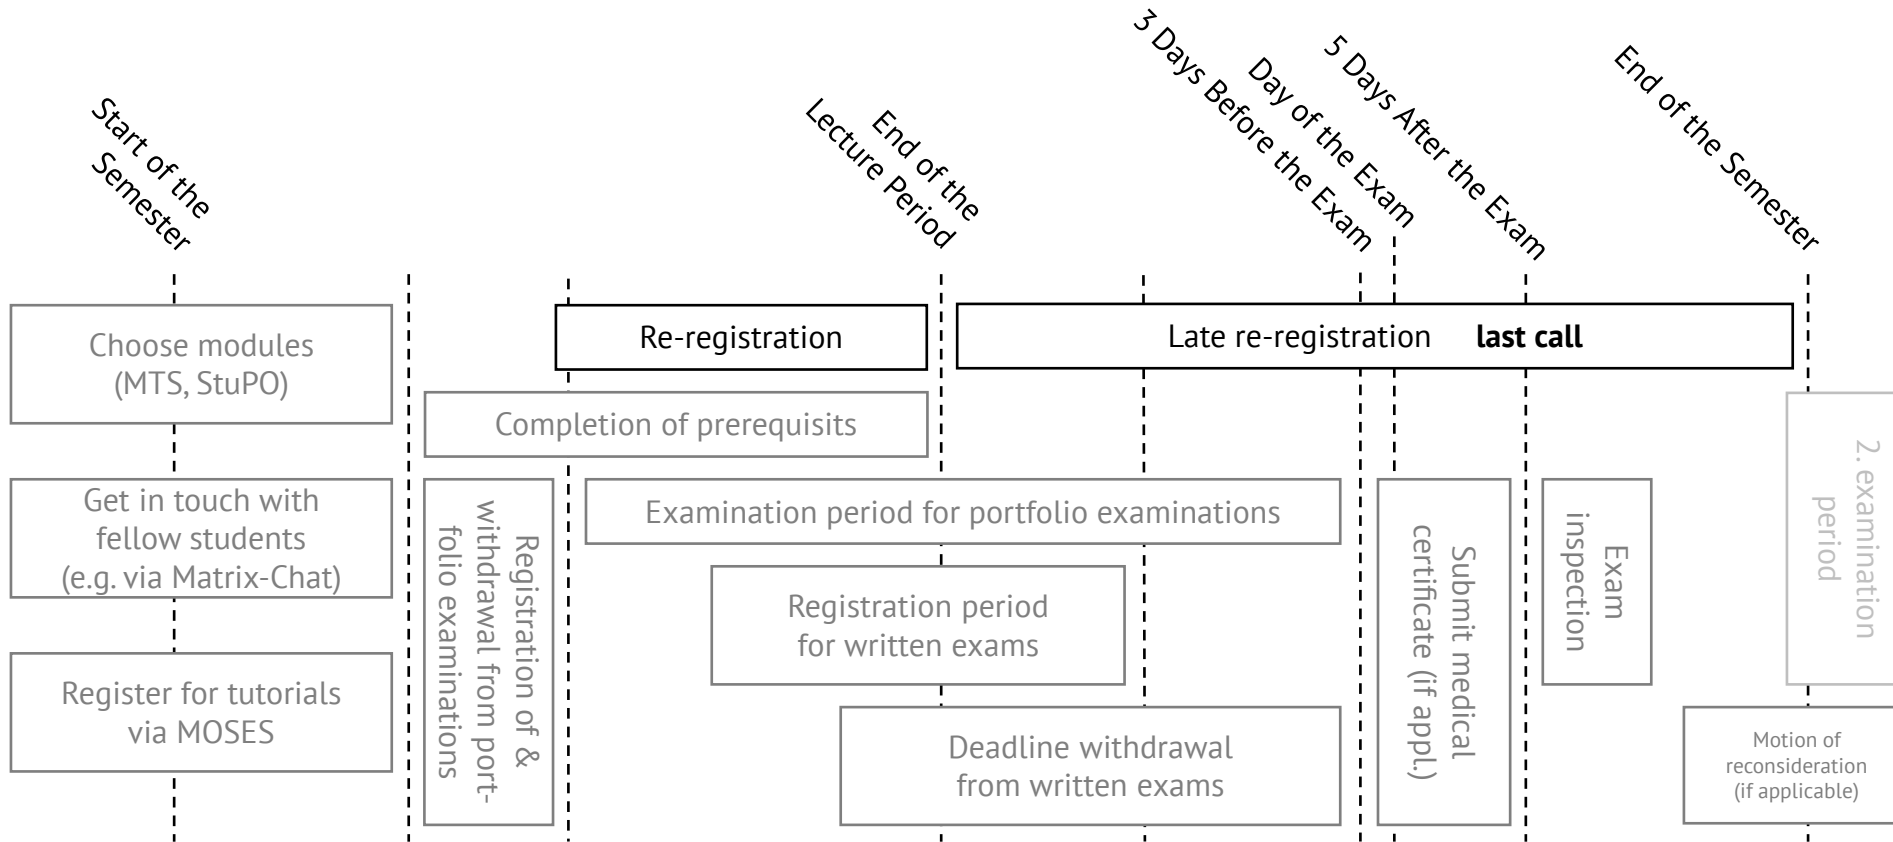

- 2 per semester, you can choose the term in written exams
- Usually the first 3 weeks and the last 3 weeks of the lecture-free time

Exam Repetition

- 3 attempts, the last one is oral
- Compulsory elective and elective modules can be exchanged
 - You need to submit the corresponding [form](#) to the examination office BEFORE registering the replacement exam
- One further attempt, if you take part in a meeting with the [Student advisory services](#)
- Three attempts for the thesis (BerlHG)

Re-Registration

Re-Registration

- without penalty fee: until **22.07.2023**
- with penalty fee: until **30.09.2023**

Tips & Tricks

The Academic Quarter

- **Pay close attention to starting times!**
- Lectures, study groups, tutorials usually start c.t. (cum tempore – with time), which means **15 minutes past the full hour**
- **Examinations** usually start s.t. (sine tempore – without time), **so be on time!**

Find Your Tribe

It's Dangerous
to Go Alone.
Go Together!

Keep an eye on the **master students roundtable** to meet others

- <https://dz.freitagrunde.org/?id=introweek>

Find Your Focus

- Hopefully by now you have an idea, what you want to focus on....
- [The Student Advisory Service](#) can support you in finding the right courses for your specialization.... which brings us to:

Find Your Thesis Topic

- Finding a thesis topic can be difficult.
- Take courses in areas you are considering for a thesis to get to know the lecturers.
- Some lecturers don't like to give topics to students who haven't heard at least their intro courses – if in doubt, ask early.

Ask Questions

- Ask your study partners and fellow students (initial contact can be established via ISIS chat)
- Use the **ISIS Forum**
- For confidential topics: write to your teaching assistant or the professors office, usually not the professors themselves
- *#UrgentIsNotASubjectLine*
 - *Better: list your subject and deadline*

Office Hours

- Ask your teaching staff how stuff works
- Ask questions and get help with problems
- **Make use of them early**

- Usually offered by
 - Tutors
 - Teaching assistants
 - Professors
 - Advisory Services

Be Self-Aware

- Minimize unnecessary stress
 - deregister from examinations early
 - Difficult/impossible for portfolio examinations
 - replace modules you don't like
- *Do I really want to take this course?*
- Study/life balance

Compensation for Disadvantages

- Is meant to compensate for obstacles that make it difficult for you to pursue your studies
- Possible examples include
 - chronic illness
 - disabilities
 - children
 - pregnancy
 - taking care of family
 - ...

Plagiarism

- Copying from unknown sources without citation will only make your life more difficult.
 - Can lead to Exmatrikulation!

Read your Study and Examination Regulations

Table of Contents

I.	General Regulation
Section 1	Scope of application
Section 2	Entry into force
II.	General Objectives
Section 3	Qualifications frame
Section 4	Internationalization
Section 5	Good scientific practice
III.	Quality Assurance
Section 6	Academic advising
Section 7	Mentoring program
Section 8	Dean of studies
Section 9	Degree program representation
Section 10	Course evaluation

Outline

I. General Section
Section 1 – Scope of Application
Section 2 – Entry Into Force / Expiry
II. Objectives and Organization of Studies

Job Offers

Welcome to Faculty IV!

Soon you will start your studies at the Faculty IV Electrical Engineering and Computer Science. For many of you, this brings new challenges, raises questions, much is still unknown and you may also have little contact with fellow students. We are very pleased about the prospect that Academics and Teaching will continue to take place in large parts at TU Berlin during summer semester 2022. In this way, you can immerse yourself directly in study and campus life and get to know fellow students.

© Felix Noak

To help you get your studies off to a successful start in your first semester, we are continuously compiling and updating important information for you on this web page. Therefore, **please check back here regularly.**

SAVE THE DATE

- **Beginning of April** Introduction Week FAK IV (exact dates to follow)
- **April 04** Welcome by the Dean's Office of Faculty IV
- **April 19** Start of lectures Summer Semester 2022

Early April: Introduction Week at Faculty IV

At the beginning of April, Faculty IV will welcome you, dear newly enrolled students,
